

METATRON Add-on device

Z-100 40GHz

Anti-ageing. Longevity.
Metatron Z-100.

* Metatron Z-100 is not classified as a medical device in Japan.

* This is a health check device that utilizes specific natural frequency.

Torsion field

The era of utilization of the Torsion field has finally begun!

Therapeutic add-on device - "Metatron Z-100" functions as a peripheral device operating in conjunction with Metatron system. It utilizes a right-hand polarized torsion field with a millimeter wave at a frequency of 42GHz or higher, to target acupuncture points, aiding in the restoration of the self-regulation and homeostasis processes.
